## Chubb safes

### The New Europa Safe Family

#### FUNCTIONAL FEATURES

**SIZE** : A comprehensive range of product sizes, available throughout all grades.

**COLOURS** : The standard body colour is RAL 9002 off white in a textured finish. Special colours on request.

**DIMENSIONS** : Dimensions that take account of features such as counter heights and the need to accommodate cash drawers and safe deposit lockers.

**FITTINGS** : Cupboard, shelving and drawer fittings that can be configured to meet customer requirements.

**REDUCED FLOOR PRESSURE** : The improved performance qualities of the new barrier materials mean reduced weight.

**CASH DEPOSIT** : A wide availability of integral and through the wall cash deposit facilities for night safe or cashier usage.

#### SECURITY FEATURES

**BARRIER MATERIALS** : Our research into barrier materials has provided an advanced range specially selected for the Europa. The characteristics of the material hardness, strength and resistance to cutting coupled with special construction techniques, provide effective resistance to attack in each grade.

**QUALITY CONTROL** : Rigorous quality controls through every stage of the manufacturing process ensure that the attack resistance qualities of the production line models fully and consistently match those of the test samples. In full compliance with BS EN ISO 9001 : 2000 Quality Assurance Standards.

**LOCKS** : Key and Combination Locks are available as standard and a wide variety of electronic, time and time delay locks can be fitted on special request.

**BOLTWORK** : Three way moving boltwork provides smooth operation and effective defence against attacks on the door and surrounding frame.

**RELOCKING DEVICES** : These resist a wide variety of attacks aimed at the lock or boltwork.

**ALARM PROVISION** : Provision for incorporating electronic alarm detectors means that the safe can be monitored as part of the overall security system (only for grade III to V).

**FLOOR ANCHORAGE** : Provision is made for floor anchorage, to resist forced removal of the safe.

## Chubb safes

### THE NEW EUROPA SAFE FAMILY

Get the right protection for your needs.

Widest range of safes from home security level up to banking safes.

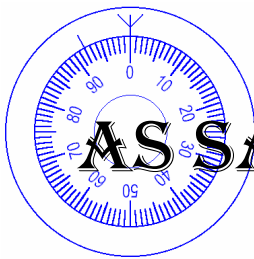

- All Europa Safes are tested and certified by leading European test authorities.
- Grade 0 - 2 : Most models come with official fire rating 60P from Swedish SP for secure combination of theft and fire protection.
- Light weight models with over 50% weight reduction are available in Grade 1 - 2. Easier installation and suitable for places where floor pressure is a problem.
- The high security safes Grade 4 & 5 are using modern hi-tech material (super strength concrete) which reduces the wall thickness and weight.
