## Proteq Hotel Safe

The Proteq Hotel Safe is a revolution in today's hotel safe management. Its simple-to-operate features will offer your guests convenience and a high degree of security. The Proteq Hotel Safe is also simple to operate by your management. Its software designs will accommodate most operational hierarchies offering flexibility to staff across departments while maintaining a high degree of security and accountability. The Proteq Hotel Safe even allows the hotel to easily program the safe to suit their individual preferences and to undertake software upgrades.

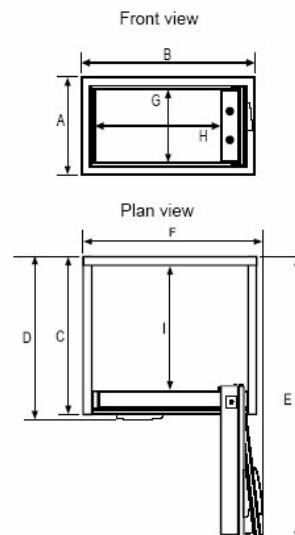

The Proteq Hotel Safe has nine size variants which are designed to accommodate a range of regular objects stored by guests, including most laptop computers, LCD projectors and even whole briefcases.

The advanced security software together with the safes' features offer the ultimate protection against breaches and tampering. For further information please contact Gunnebo Security or any of our Authorised Dealers.
